-Move to upper (in the middle of the block).

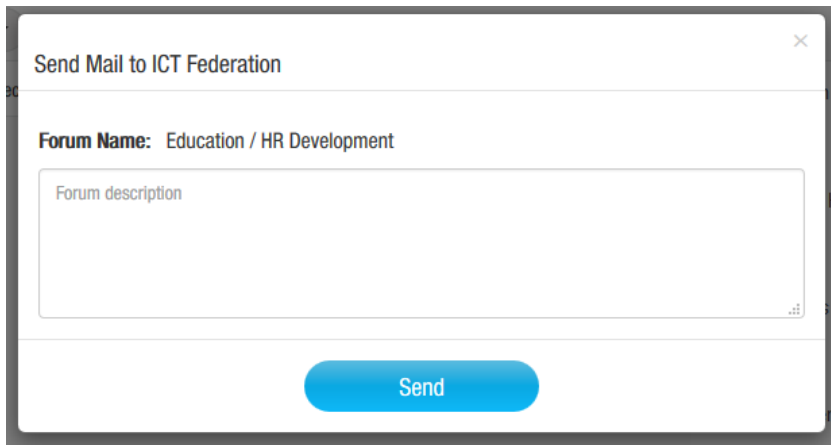

-“no result” is too small. Make it the same as other page.

-Add “Recently” on filter even we don’t register with the forum yet.

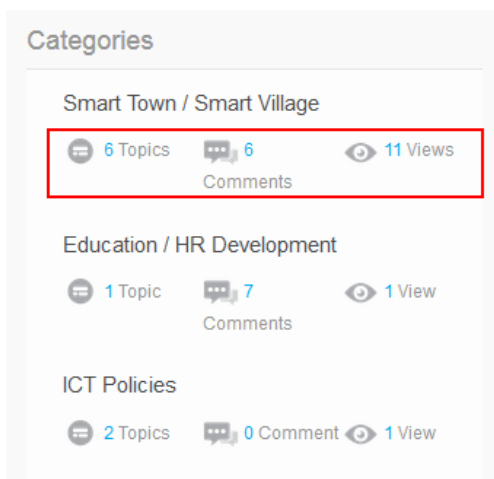

-Description should be required.

A modal form titled "Send Mail to ICT Federation" with a close button (X) in the top right corner. The form contains a label "Forum Name: Education / HR Development" and a large text input field with the placeholder "Forum description". At the bottom center is a blue "Send" button.

-Make the font size smaller.

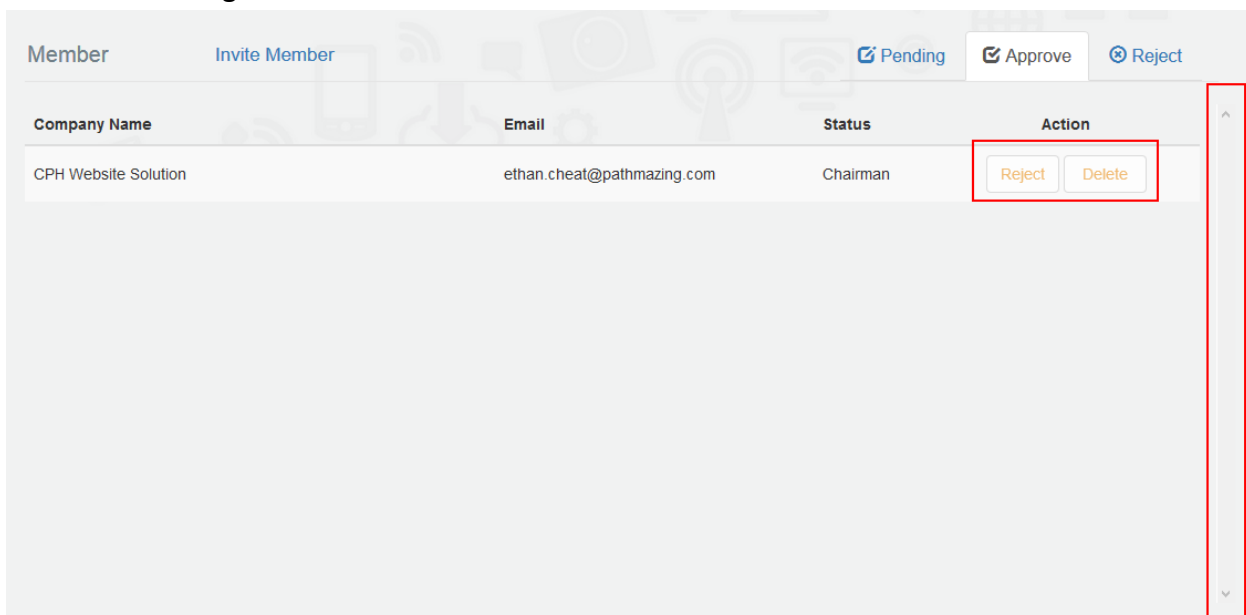

A list of categories with statistics. The first category, "Smart Town / Smart Village", is highlighted with a red box. It shows 6 Topics, 6 Comments, and 11 Views. The other categories are "Education / HR Development" (1 Topic, 7 Comments, 1 View) and "ICT Policies" (2 Topics, 0 Comment, 1 View).

Promote the growth and development of Cambodian IT Companies by helping to reduce cost, and lower the barrier of entries for new startups. Help ensure that all the companies follow the same rules and regulations to promote fair competition. Help promote more interest in ICT from all stakeholders, such as government, private sectors, and education. Help encourage local companies to follow good standards. Improve ICT infrastructure by lowering the cost of data usage, and improve internet security. Develop ecosystem of IT companies and promoting research and development. Promote and connect ICTF members to ASEAN and the rest of world. Work with various foreign embassies and others to encourage collaborations between local ICTF members and their foreign counterparts. Promote Cambodia to the world as a viable and significant cost savings alternative to lead or assist in any ICT research and development project.
